Increasing Access to Care through Telehealth

Increasing Access to Care through Telehealth

Today, more and more providers are relying on the long reach of technology to provide care to their patients. Telehealth is especially helpful in areas where people have limited access to health care services, whether the reason is lack of transportation or economic, cultural and/or linguistic barriers. The way it works is through telecommunication, some examples of which include live video, remote patient monitoring, and mobile health. Patients can get the care they need in the privacy and comfort of their own home. [Read the full story on NACHC's Blog](#)

April 28 is National Prescription Drug Take Back Day

For patients or center staff who may have expired drugs in need of safe disposal: The Drug Enforcement Administration is hosting the semi-annual National Prescription Drug Take Back Day on April 28 from 10 a.m. to 2 p.m. The National Prescription Drug Take Back Day aims to provide a safe, convenient, and responsible

means of disposing of prescription drugs, while also educating the general public about the potential for abuse of medications. Please visit [this website](#) for drug collection sites and additional materials such as promotional handouts and safe disposal information.

CLINICAL

Kaiser Family Foundation Webcast on Community Health Centers and Family Planning *Community Health Centers and Family Planning in an Era of Policy Uncertainty*

Please join your colleagues on Monday, April 30th, 2018, 1:30 PM - 2:45 PM CST to hear about a recent study from the Kaiser Family Foundation (KFF) which will provide an update and comprehensive look at the provision of reproductive health care to low-income women by community health centers. This webcast will feature study co-authors from KFF and the Department of Health Policy at The George Washington University's Milken Institute School of Public Health, along with clinical experts, who will address the study findings on the availability of family planning services at community health centers and discuss implications for policy and financing as well as improving quality and access to care. Centering 101: Transforming Care With Group Visits

This webinar is hosted by NACHC, a HRSA-funded NCA and is set for Wednesday, May 2 at 2:00-3:00 p.m. CST [Register here.](#)

Development of Community Partnerships – Key Components of Integrated Behavioral Health

Care Roundtable Discussion for Health Centers

The roundtable format is a virtual place for us to provide each other with support and discussion. Different from a webinar, it is much more interactive and provides direct access to experts in the field for questions and consultations. Hosted by CIHS, the discussion is set for Wednesday, May 9 2:00-3:00 p.m. CST. [Register here.](#)

Interdisciplinary Care and Maximizing Community Partnerships to Serve Youth Experiencing Homelessness

This webinar is hosted by the School-Based Health Alliance, a HRSA-funded NCA, and is set for Thursday, May 10 1:00-2:00 p.m. CST [Register here](#).

Viral Hepatitis and Substance Use Disorder Treatment Integration

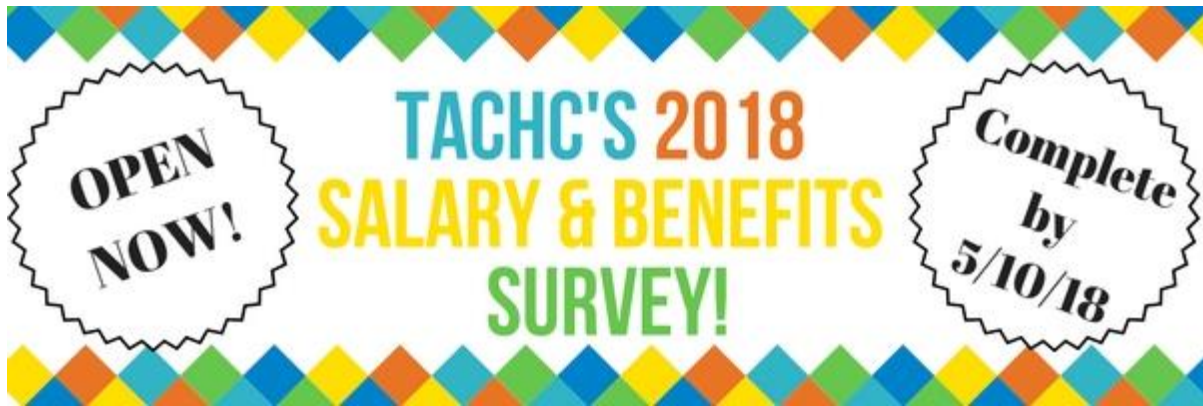

This webinar about Health Center Care Delivery Models for Primary Care is hosted by HRSA and set for Tuesday, May 15, 1:30-2:30 p.m. CST. [Join the webinar the day of the session](#). Call-in: 888-829-8676 • Passcode: 7634999
