## **Upcoming Events**

### [TACHC Regional Community Partner Coordinator Orientation](#)

*5/1/2013 from 9:00am-3:30pm*

*TACHC, 5900 Southwest Parkway Bldg. 3,  
Austin*

**For Regional Coordinators in the Community Partner Program only**, TACHC will be hosting a follow-up session for recently hired Regional Coordinators under the Community Partner Program project. In this workshop, you will be provided with an overview of the roles and responsibilities of the Regional Coordinator to ultimately fulfill our goal of improving statewide access to Medicaid and other public assistance programs for our patients by using the online application found at [YourTexasBenefits.com](http://YourTexasBenefits.com). It is our job to prepare your Regional Coordinators with the tools and resources they need to help us get the project going and reach our goal of recruiting 300 organizations. Breakfast and lunch will be provided at no cost to you. Please register for this event by clicking [HERE](#) so that we can have a solid count of attendees. For more information, contact [RexAnn Shotwell, Community Partner Program Project Manager](#) at the TACHC office.

Information regarding all upcoming events hosted by TACHC can be found [HERE](#).

**1. Texas Primary Health Care Program Expansion:** The Texas Department of State Health Services (DSHS) has begun planning for the proposed expansion of the Primary Health Care (PHC) Program. The proposed expansion would allow additional preventive and primary care services to be offered to women in Texas age 18 and above. DSHS anticipates that this funding will be available in the fall of 2013 and plans to issue a competitive request for proposal around June 3, 2013. This involves an expansion of \$50 million per year for Women's Health Services and represents a substantial step forward for women in need of these services in Texas. **All Texas health centers, whether current PHC contractors or not, are strongly encouraged to attend an information sharing meeting regarding PHC expansion near you.**

DSHS will hold eight regional information sharing meetings from April 30 – May 15, 2013, in El Paso, Dallas, Tyler, Houston, McAllen, Lubbock, San Angelo and Austin. Each two-hour meeting is open to all interested persons, but meeting space is limited and registration will be closed for each site when the allocated number of spaces is filled. To register for one of the eight meetings, please go to <http://www.litakergroup.com/phce> and follow the online registration instructions. If the meeting you are interested in is full or you are not able to attend on any of the dates currently scheduled, please add your contact information to the waiting list using the waiting list link. This list will be used to notify individuals if additional space is identified or additional meetings are scheduled. Once you register for the meeting, you will be directed to a page with the meeting location. This information will also be sent to registrants by email prior to the meeting. Should you have any questions or comments, please contact the facilitation team at [PHCE@litakergroup.com](mailto:PHCE@litakergroup.com).

**2. Texas Medicaid EHR Incentive Program Policy Changes:** Please note that several policy changes have just been posted. The relevant article is attached, which includes links to each of the 5 policy change articles.

**3. CMS Health Insurance Marketplace Stakeholder Engagement Open Door Forum:** CMS has kicked off the next phase of stakeholder engagement on the new Health Insurance Marketplace and is now hosting quarterly calls throughout 2013 in each state with a Federally-Facilitated or State Partnership Marketplace. Individuals and organizations that will interact with and utilize the Marketplace are encouraged to join these calls. CMS will provide an update on the implementation of the Marketplace and listen to feedback as they continue to develop and refine the Marketplace. **The upcoming Health Insurance Marketplace State-by-State stakeholder engagement call for Texas is scheduled for Friday, May 3, 2013 at 1:00pm CT.** To register, click [HERE](#). For detailed background on the purpose of these calls, please visit the [Center for Consumer Information and Insurance Oversight \(CCIIO\)](#).

**4. NACHC Alert Regarding Suspicious Mail:** Given recent events regarding hazardous mail being sent to targets, such as a Community Health Center in Beloit, WI, we suggest centers be on alert. There are some details about what happened in Wisconsin [HERE](#).

**5. TACHC 30<sup>th</sup> Annual Conference Will Be Held at the Hilton Austin Hotel October 7-9, 2013! Reservations are OPEN.** As a friendly reminder, the cutoff date is **Tuesday, September 3, 2013**. Call the Hilton central reservations line directly (1-800-236-1592) and reference the group, **TACHC's Annual Conference**, or the group code, **CHC**, in order to receive the group rate of \$194 single/double over the

contracted event dates, or you may click [HERE](#) to do so online. **\*Reserve early, as the TACHC conference is in the middle of both Austin City Limits Festival weekends!\***

**IMPORTANT: Housing Policy**

In an effort to ensure that our hotel is able to accept the maximum number of reservations, TACHC has implemented the following housing policies:

- Each reservation must have a unique name attached to it. No person may book more than one room in his/her name.
- A deposit of one night's room and tax will be taken at the time of booking in order to guarantee your reservation.
- Should you need to cancel, cancellations must be made 15 days in advance in order to be refunded your deposit.
- Cancellations within 15 days prior to your arrival date, deposits are non-refundable unless the hotel is able to resell your canceled room.

Click [HERE](#) to find an event agenda. For questions or assistance, please contact [TaSheena Mitchell, TACHC Meeting Coordinator](#).

**1. DSHS/AETC Training: “Spectrum of Care: The Interface - A Symposium Covering the Common Challenges for Treatment of HIV and Its Intersection with Two Major Co-morbidities”** On Friday, May 10, 2013, from 8:00 AM to 5:00 PM at the Crowne Plaza Houston, 8686 Kirby Houston, TX 77054, The Texas Department of State Health Services (DSHS) and the Texas/Oklahoma AIDS Education & Training Center (AETC) will host a free, one-day continuing education (CE) event for clinical providers, such as physicians, nurses, and mental health providers around the treatment and management of co-morbid HIV-disease. The goal is to assist in increasing treatment capacity across the state to meet the complex needs of HIV-positive individuals dealing with co-occurring mental illness and viral hepatitis conditions. This training will not only serve to increase the efficacy and quality of delivered services through the provision of up-to-date—education and training for clinical providers, but will also address training needs for collateral partners (such as social workers, Registered Sanitarians, and Certified Health Education Specialists) who are involved in the provision of HIV services and/or the treatment planning of HIV patients. Training groups will be limited to 125 registrants. CE credit for multiple disciplines will be provided for this event. Click [HERE](#) to register. If you have any questions about registration or the training, contact [Jeff Benavides](#) / 713-873-4026.

**2. FREE NACHC PCMH Accelerator Two Part Webinar Series (May 8 & June 26) Featuring 4 EHR Vendors!** Both webinars are from 1:00 – 2:30 p.m. (Central) and will feature the following vendors: NextGen, eClinicalWorks, GE Centricity, and SuccessEHS. The event is geared toward PCMH Coaches, CEOs, COOs, CIOs, IT Directors/Managers, Medical Directors, Physicians, Quality Improvement Coordinator, Clinical Informaticists, Care Teams, Nurses, Clinical Staff. Health Information Technology (HIT) plays a central role in supporting high quality patient care (including electronic record keeping, electronic disease registries, health information exchange, internet communication with patients and electronic prescribing) and contributes to a fully functional and efficient medical home. By becoming recognized as a Patient Centered Medical Home (PCMH), health centers will improve patient care and their experience, and position themselves to take advantage of private and/or public incentives that reward recognition. Many of the workflow and process modifications necessary to implement the core components of PCMH are dependent on the electronic health record (EHR) you have chosen. Learn from other health centers and experts who have achieved PCMH recognition using the same EHR as you are in this new two part webinar series and how they effectively leveraged its features and functionality to become recognized as a Patient Centered Medical Home. To register for the Webinar series and for more information pertaining to the deadline dates for each Webinar, visit the [NACHC Web site](#). For questions contact [Shane Hickey, Director, IT Support at NACHC](#).

**3. NACHC-sponsored Training for New Medical Directors to be Hosted by TACHC June 26-27:** Are you new to your role as Medical Director of your health center? This 1 ½ day, in-person training for new Medical Directors will be a foundational and essential building block in your career development, providing core knowledge and competencies that all health center Medical Directors need to function as effective managers, leaders, and advocates for their centers and communities. In addition to providing contextual knowledge regarding the history, political evolution, regulatory expectations, and terminology of the health center movement, course content focuses on developing competency in evolving health care issues such as the patient centered medical home, electronic health records, and meaningful use.

**Topics covered include:** History of Community Health Centers and the National Health Service Corps; Performance Evaluation; Review and Accreditation; Funding Sources and Regulatory Expectations; Additional Delivery Models and Supporting Organizations; Federal Tort Claims Act and Risk Management; The Role of the Clinical/Medical Director; Quality Management; Patient Centered Medical Home and Meaningful Use; and Small Group Case Studies.

**Target Audience:** Course content is designed specifically for new Medical Directors. Registration limited to Medical Directors in their position for two years or less.

**CMEs:** This live activity has been reviewed and is acceptable for up to 6 Elective Credits by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

For registration and hotel information, click [HERE](#). For additional information about the training, contact [Dr. Davelyn Eaves Hood, Director of Clinical Affairs](#) at TACHC.

**4. TACHC Clinical Director Institute to be Held June 28-29:** Attention all Chief Medical Officers, Chief Dental Directors, and Behavioral Health Directors, please join your fellow colleagues this year for an interactive network and learning event. Sessions include an update on TACHC Clinical Initiatives, FQHC Billing for Clinical Directors, Better Documentation and Coding, Patient Termination in the Safety Net Setting and UDS from Audit to Submission to Improvement, What Does it Mean for Your Center and Health Home, How Well Do you know your Health Care Community. There will be specialized breakout sessions for the Medical, Behavioral and Dental providers on topics such as: Moving HIV Care into the Primary Care Setting, Quality Metrics in the Dental Setting, Models of Integration that Work, How Do Medical and Dental Providers Complement Each Other and Teaching the Care Team about Screening and Brief Behavioral Health Interventions. For hotel information and to register for the conference, click [HERE](#). For additional information, contact [Dr. Davelyn Eaves Hood, Director of Clinical Affairs](#) at TACHC.

**5. CDC Public Funding Opportunity for HIV Care:** Improving HIV Prevention and Treatment Outcomes among HIV-Infected Persons by Integrating Community Pharmacists and Clinical Sites into a Model of Patient-centered HIV Care: [CDC-RFA-PS13-1315](#). The purpose of this cooperative agreement is to develop and implement a model of HIV care that integrates community pharmacists with primary medical providers for patient-centered HIV care. \$2.3 million award available. The application deadline is May 15, 2013. Questions? Contact [Kathy Byrd](#) at the CDC. For more information, click [HERE](#).

***New TACHC Promotional Product e-Store:*** TACHC is proud to collaborate with American Solutions for Business (ASB) as they introduce the *new* TACHC Promotional Product e-store. This tool will allow you to look for promotional items you can use at your health centers. ASB has developed this with special pricing for TACHC members: **20% off ALL prices**. The site is set up to request information only. When selecting an item you will be prompted to send an email. An ASB representative will contact you directly with personal service and suggestions. If you have any questions, you can contact [Joe McCarthy](#) / (757) 303-5657. Click [HERE](#) to browse the TACHC e-store.

## Recruitment and Retention

**TACHC Congratulations to CentroMed for New Hire!** Dr. Rafiya Baig, a TACHC referral, has accepted an offer from CentroMed for their Psychiatrist position.

## Other News

**1. Congratulations to José E. Camacho for Induction into NACHC Grassroots Hall of Fame!** Our Executive Director, **[José E. Camacho](#)**, was presented the Hall of Fame Award at the 38th Annual NACHC Policy and Issues Forum in Washington, D.C., an event attended by more than 2,000 health center leaders from around the country. See the attached press release for full details.

**2. TACHC Member News:** To learn what your fellow health centers are involved in or read news that may affect your health center, click **[HERE](#)** for news coverage. We also encourage you to post your news, questions and comments to each other on the TACHC members listserv (**[members@tachc.org](mailto:members@tachc.org)**), where only TACHC executives or their designees are recipients.

If you would like to be removed from this mailing, please send a message to **[ccarson@tachc.org](mailto:ccarson@tachc.org)**, and we will remove your name from our list as soon as possible.

## **Texas Health Center Leader Inducted into the Grassroots Hall of Fame**

Bethesda, Md. – The National Association of Community Health Centers (NACHC) has honored Jose Camacho, Executive Director and General Counsel for the Texas Association of Community Health Centers (TACHC), has been inducted into the NACHC Grassroots Hall of Fame. Grassroots Hall of Fame members have made lasting contributions to insuring the creation, survival and strength of Community Health Centers and the Health Center Movement through their dedicated and tireless efforts over many years. Camacho was presented the Hall of Fame Award at the 38th Annual NACHC Policy and Issues Forum in Washington, D.C., an event attended by more than 2,000 health center leaders from around the country.

“Jose Camacho has been a passionate advocate on behalf of health centers and the movement would not be what it is today without his dedication, skilled leadership and tireless energy,” said Tom Van Coverden, President and CEO of NACHC. “Jose has been on Capitol Hill many times carrying the health center message, and rallying public support and funding in his own state. We’re deeply appreciative of Jose’s commitment, hard work and leadership in advocacy.”

Jose Camacho earned his law degree from the University of Texas in 1973 and worked in private practice until 1979 when he became the Director of Farmworker Policy Impact Project for the Texas Rural Legal Aid in Austin. He served as the General Counsel for the National Migrant Referral Project and in 1983 began his career with TACHC as General Counsel, where he assisted in the development of the organization. He became the Executive Director in 1984.

Community Health Centers serve as the health care homes to over 22 million people in more than 9,000 communities. Each year they save more than \$1,200 per patient in total health care costs, and achieve \$24 billion in annual savings from reduced emergency room visits, hospital stays and specialty care costs, including \$6 billion in combined state/federal Medicaid savings. With demand for health centers growing among the medically underserved and uninsured, local, state, and national support for initiatives that support and strengthen their mission is critical – now more than ever. The network of health center grassroots advocates, working in communities across the country to spread the message, help make this key support possible.

Founded in 1970, the National Association of Community Health Centers (NACHC) is a non-profit organization whose mission is to enhance and expand access to quality, community-responsive health care for America’s medically underserved and uninsured. NACHC represents the nation’s network of over 1,200 Federally Qualified Health Centers (FQHCs) which serve over 22 million people through over 9,000 sites located in all of the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and Guam.

## Texas Medicaid Electronic Health Record (EHR) Incentive Program: Policy Changes

---

In an effort to continually improve the EHR Incentive Program for providers and the State, Texas Medicaid makes the following policy changes, effective immediately:

1. Prior to participating in the Texas Medicaid EHR Incentive Program, the provider must follow standard Medicaid enrollment procedures to enroll as a Medicaid billing or performing provider and have an active Texas Medicaid Provider Identification Number (TPI). Click [here](#) for an article on which TPI to include in attestation, and exceptions for certain FQHC and RHC providers.
2. Under the Texas Medicaid EHR Incentive Program, a physician assistant (PA) practicing in a federally qualified health center (FQHC) or rural health clinic (RHC) led by a PA is eligible for incentive payments. These PAs are required to upload the signed [PA Attestation Form](#). Click [here](#) for an article about the definition of “PA-led”.
3. Eligible professionals (EPs) attesting in the Texas Medicaid EHR Incentive Program as an FQHC or RHC provider will be required to submit supporting documentation for their attested patient volume. Click [here](#) for an article about requirements for the source of these files, where to upload them, and reminders about FQHC and RHC participation in the incentive program.
4. Appeals, which providers may submit for reasons specified in the Stage 1 Meaningful Use Final Rule, will not be considered based on missed program deadlines. An exception may be granted if the provider’s attestation was delayed by an error in the system technology of the Texas Medicaid EHR Incentive Program Portal or the Centers for Medicare & Medicaid Services (CMS) EHR Incentive Program Registration and Attestation System. Click [here](#) for the full article.
5. Audits of incentive payments are a required element of the EHR Incentive Program. Click [here](#) for information on the audit process, how quickly to respond to the auditors, how long to keep documentation, what to upload to the portal, and special requirements for FQHC / RHC providers.
